NUMBER 43

DROWNING TAKES LIFE OF RESORTER IN CHANNEL LAKE

Overloaded Boat Plus Gust of Wind Declared Responsible for Death

An overloaded boat conspired with a sudden wind-storm to credit Channel Lake with Lake county's first drowning of the summer season, when David Vincent, 35, of 6408 N. Clark st., Chicago, lost his life by leaping from a sinking boat with three companions Sunday morning.

The trio was saved by fishermen who came to the rescue when they heard cries for help but Vincent was not found until 12 hours later when Captain Cletus Vos and the first aid squad of the Antioch fire department brought the body to shore.

It was learned at the coroner's inquest that Vincent and his three companions decided to go fishing at Channel Lake with which they were all acquainted. The three survivors are: Mrs. Rose Miller, 1639 N. Shore ave.; Matt Keiser, 6102 N. Paulina st.; and H. Arandi, 3630 N. Leavitt st.

Early Sunday morning they rented a rowboat, armed themselves with fishing equipment, two cans of worms, and rowed to the north end of about 500 feet from the late Mayor Anton J. Cermak's summer home. They anchored and began fishing when gusts of wind suddenly grew strong and the lake became rough. Water began licking the sides of the boat, rolled higher and into the bottom. The fishermen started bailing water with their worm cans but the boat capsize forcing the four to leap into the lake.

After the three were rescued and taken to the Cermak home, Vincent was found to be missing.

Verdict "Accidental Drowning" Coroner John J. Taylor conducted the inquest Sunday night at Strang's funeral home where death was declared due to "accidental drowning." Coroner Taylor explained that most of the 124 Lake county drownings in the past six years were found due to overloading boats and persons standing up in them.

His records disclose 29 drownings last year; 12 in 1933; 21 in 1932; 21 in 1931; 18 in 1930; and 23 in 1929.

KENOSHAN DROWNS AT WILMOT DAM

A misstep while fishing on top of the Wilmot dam resulted in the drowning of Gordon J. Adamson, 37, 6109 Twenty-fifth ave., Kenosha, in Fox River, about noon Friday.

Adamson, decked in heavy fishing boots attempted to cross the river on top of the dam with his fishing tackle, stumbled over a rock and was swept into a whirlpool by the rapids. The body was recovered about four hours later 200 feet south of the dam by deputy sheriffs Kermit Schreck and Harry Schmalzfeldt. Deputies Thomas Jester, Milton LaViolette and Billups Brown assisted Gilbert Stowe and A. V. Coomer of the Kenosha coast guards who dragged the river.

The victim is survived by a wife, formerly Miss Hazel Keckler; two daughters, Jean, 11, and Martha Mae, 9; his father, George Adamson; and a sister, Margaret Adamson. Military funeral services were held Monday.

Public Service to Refund \$10,650,000 Debentures

Refunding of \$10,650,000 of 7 per cent debentures sold in 1933 and due in 1937 has been consummated by the Public Service company of Northern Illinois, the Associate Press wired from New York yesterday. In addition, the company plans to refund at an early date \$10,000,000 of 6 1/2 per cent series "H" first lien and refunding mortgage bonds maturing in 1952 with bond bearing a lower rate of interest, the dispatch disclosed.

John Pacini Hurt in Motor Crash

John Pacini of Antioch sustained four broken ribs and body bruises Wednesday afternoon in a collision with his car on Sheridan road at an intersection north of Kenosha. The impact of the smash sent his car from the pavement, turning it over several times. His son, Norbert, was the only other occupant when the accident occurred. Mr. Pacini attributes his survival to the all-steel "turret-top" on his car which was otherwise demolished.

Democratic Heads Honor Rep. Bolger At Channel Lake

Democratic chieftains of Lake and McHenry counties will honor Rep. Thomas A. Bolger of McHenry at a testimonial banquet, Saturday at six o'clock at Sorenson's resort on Channel Lake.

According to present plans, Michael Igoo, who recently vacated his office as congressman-at-large to assume the duties of United States attorney in this district, will be present to honor the state legislator. Preparation for 200 Democratic leaders is being completed, states Einar Sorenson, head of the committee on arrangements.

Frank McDermott, chairman of the Lake county Democratic central committee, in commenting on the affair explains that due to the efforts of Representative Bolger in sponsoring bills at Springfield that have contributed to the welfare of county residents, he has been one of the major factors in strengthening the Democratic party in a county that was overwhelmingly Republican in former years.

CHANNEL LAKE NIPS FOX LAKE, 9 TO 7

Antioch Drops Close Battle with North Chicago All-Nations, 1-0

After rain had stopped local softball hostilities for ten days Channel Lake athletic club came to life twice this week, defeating Fox Lake, 9 to 7, Tuesday, and Woodworth, 6 to 3, Sunday.

The westsiders slammed across 5 tallies in the first inning against the Fox Lakers and 3 in the second to ice-box the game from the start while Ray Sorenson limited the losers to 9 scattered hits through the nine innings.

Channel Lake travels to Chicago Tuesday to meet the New Oaks who have been compiling a string of victories over Chicago and suburban teams this year. They play at Grand and Oak Park avenues. Box score: R H E C. L. A. C. 5 3 0 1 0 0 0 0 - 9 16 0 Fox Lake 1 0 3 1 0 0 0 0 2 - 7 9 0

Antioch, 0; N. Chicago, 1.

North Chicago All-Nations invaded Antioch Sunday to shut them out by a 1 to 0 count. Cunningham, the visitors' submarine south-paw, baffled the locals to the extent that none of the 6 hits he allowed came in the same inning. Bown of Antioch was stingy with his hits, allowing but 4. A walk plus an infield out sending the walker to second plus a liner to the right garden drove the run home.

Announce Honor Roll at Grade School

FOURTH GRADE
Jack Fields, Dale Barnstable, George Pierce, Clyde McKelvie, Marlon Yates, Betty Scheibe.

FIFTH GRADE
Marjorie Bright, Lucille Sherman, Ray Quedenfeld, Billy Anderson, Dorthea Drury, Donald Lash.

SIXTH GRADE
Robertia Selter, Doris Klass, Florence Petersen, Billy Mongan, Joyce Anderson, Frank Petty.

SEVENTH GRADE
Betty Hanke, Lucille Waters, Mildred Van Patten, Raymond Baethke, Helen Horton, Leona Hostetter.

EIGHTH GRADE
Roger Brogan, Katherine Smith, Lucille Thurlwell, Vonnle Jensen, Marjorie Schnaare, Carolyn Phillips.

Michael Golden Takes Over Hotel Antioch Management

Michael Golden, who operated a resort on Little Silver Lake for 18 years, took over the Hotel Antioch Monday following the sudden departure of Mr. and Mrs. Chet Waldo, former managers.

The new operator brings with him years of experience as host to summer resorters. Mr. Golden will have charge of the dining room which she made famous for roasts, chicken and steak dinners at Little Silver Lake. It is believed the Waldos are now living in Madison, Wis.

Sheen Promoted at Oregon CCC Camp

Word has been received here that Johnnie Sheen, Antioch boy, now serving with the Civilian Conservation Corps in the state of Oregon, has been made a camp leader rating a higher commission.

Leaders and assistant leaders are chosen because of their standing in the company, leadership, knowledge of their work and their ability to direct others.

ANTIOCH SET TO OBSERVE HOUSING DAY

Gov. Horner Proclaims June 15th as Illinois Better Housing Day

Members of the Antioch Better Housing committee of the Federal Housing Administration are preparing for the state and national "Better Housing Day" set for Saturday, June 15.

The day was proclaimed this week by Governor Henry Horner as the "time for appropriate observance to bring the benefits of the Federal Housing Administration's program to a still greater number of our people." The day is also to be observed in the other States to emphasize the efficacy of the national program to stimulate business and re-employment in the building industry.

Already more than 1,000 people have inspected the exhibits in the Naber building on Main street where local labor designed and erected sample displays of their work.

Building vs. Renting. In an interview at the Federal exhibit your correspondent discovered statistics that one can occupy and pay for a home at approximately the same cost as he can rent suitable living quarters.

Other data explained that more people have started on the road to financial independence through home ownership than in any other way. Contracting and architectural reports state that right now building and modernizing costs are very reasonable and the family that decides to spruce up its dwelling now will be getting maximum value for the money invested.

Off to Good Start. All members of the committee declare that the Antioch Better Housing program is off to a good start as the possibilities of delays have been anticipated and avoided.

"The time for necessary investigation of each application has been reduced to a minimum, and it isn't very much exaggeration to say that in many cases the link will hardly be dry on the final papers before the workmen will be ready to go to work. That is getting action in the good old American way," executive committee chairman Herb Vo states.

M'MILLEN POUNDS "GENTLEMAN" JACK; WINS 3 STRAIGHT

Promoter Searches East for Suitable Challengers for Antioch Giant

Jim McMillen of Antioch won his third straight headline bout in the Western stadium Monday by tossing the eye-gouging "Gentleman" Jack Smith hither and yon like a Boston pup with a rag-doll. He clouded up and rained all over the "Gentleman" with flying tackles and body slams that made the arena roar for 52 minutes like a battery of artillery crossing a covered wooden bridge.

Sam Abrascato, the stadium promoter, is dickering to the East in an effort to obtain stronger challengers for the Antioch wrestler who has punched Olaf Olson and Mehmet Yousif in addition to Smith in three successive feature matches.

In a supporting preliminary bout, Fred Grubmeyer showed little respect for Waukegan Lou Plummer's wrestling ability, clamping the county seater with a body scissors that laid him quite prone in 19 minutes and 10 seconds.

Grade School Team Win Championship

The Antioch grade school baseball team are champions of the conference for the 1934-1935 season, an honor acquired by having won 11 out of the 12 games on the schedule. Six of the games were played last fall and the remaining six this spring.

The locals finished the season by defeating Fox Lake 4 to 3, and Gavin 15 to 6, last Wednesday. The only game lost was to Gurnee during the spring series. The Antioch school will receive a cup presented by the conference.

Fox Lake won second place.

Among the Resorts

There is not a dull moment for pleasure-seekers in the Lakes region at any time, especially in the night life spots. This is evidenced by a casual glance at the literature telling about openings, anniversaries, special affairs, dances, etc., that resort owners are now sending out.

For instance, a drive down route 59 to Anderson's Place on Petite Lake Saturday night will mean the opportunity to join the celebration of the establishment's twelfth anniversary. Mr. and Mrs. Charles A. Anderson have planned dancing and free refreshments for the occasion.

And while you are in the vicinity a stop at Halling's on Grass Lake any Friday or Saturday night means the chance to indulge in this spot's free fish fries.

Up the road a pace is Rothers' Resort, where proprietor Lillian Rothers has provided excellent music for a dance every Saturday evening.

If a free chicken dinner and free dancing appeals to you, two miles west on North avenue out of Antioch brings you to Norsore Gardens on Lake Catherine where the summer season will start Saturday to the tune of Dick Key and his orchestra.

Maple Inn, north of Antioch, is still doing business with Marty Felt celebrating the season's opening Saturday night with turkey dinners. Again this year he has Johnny Scott's Rhythm Kings adding shades of Harlem music for the customers.

Oh yeah—the barn dance! It's being held over at F. A. Swenson's Saturday, three miles north of Millburn on route 41, with the Skokie Valley Boys providing the tunes.

13 From Lake County Will Receive Degrees From University of Ill.

Ward L. Edwards Member of Class of '35; Commencement Monday

Urbana-Champaign, Ill., June 5. Years of "Learning and Labor" for approximately 2,000 students in the University of Illinois will soon come to an end.

The 64th annual Commencement for the Urbana-Champaign colleges and schools will be here next Monday (June 10), when approximately 1,600 will receive degrees. Commencement exercises for the Chicago colleges—Medicine, Dentistry, and Pharmacy—will be held tomorrow morning (Friday) in the Civic Opera House, Chicago. Of the total number graduating approximately 350 will be from the Chicago departments.

The list of Illinois candidates for degrees include 13 from Lake county. President Arthur Cutts Willard of the University will make his first Commencement address at the Urbana-Champaign exercises, which will begin at 9:30 Monday morning. The entire program will be broadcast by the University's radio station WILL (890 kilocycles).

Professor Roger Adams, head of the University Chemistry Department, will deliver the address at the Commencement exercises for the Chicago departments Friday morning.

University of Illinois candidates for degrees from Lake county are:

ANTIOCH—Ward L. Edwards, B. S. in Agriculture.

DEERFIELD—Elizabeth Kendall, B. S. Library Science.

GRAYSLAKE—Kathryn Moore, A. B. in Liberal Arts and Sciences.

HIGHLAND PARK—Katherine Block, 1080 South Linden Ave., A. B. in Liberal Arts and Sciences.

HARJEET DANLEY, 260 Linden Park, A. B. in Liberal Arts and Sciences.

LAKE BLUFF—Robert D. Tucker, 223 Center Ave., A. B. in Liberal Arts and Sciences.

LAKE FOREST—Raymond D. Behrens, 160 Wildwood, B. S. in Library Science.

MARY KOLTH, 1590 Waukegan Road, A. B. in Liberal Arts and Sciences.

WAUKEGAN—Albert W. Fischer, 541 Bluff street, B. S. in Mechanical Engineering.

William A. Ganster, 326 W. Utica St., M. A.

Max W. Goodman, 850 Wadsworth Ave., B. S. in Journalism.

Edward O. Jankauskas, 909 S. Victory St., Ph. C.

Russell J. Whyte, 624 N. Genesee St., B. S. in General Engineering.

Nixon a Graduate Engineer.

Another graduate is Lester Franklin Nixon, son of Mr. and Mrs. John Nixon, well known former resident of Antioch. Nixon, now a resident of Champaign, finishes the civil engineering course with 174 hours to his credit which is 46 hours over the required 128 for the degree. He specialized in the city planning course.

Mr. and Mrs. A. Swanson of Chicago came to Antioch Sunday to spend several weeks with Mrs. Mollie Somerville.

Mr. and Mrs. Earle Somerville of Elgin spent Tuesday and Wednesday with Mrs. Mollie Somerville.

To Pour Concrete On Rt. 173 Monday

Pouring of concrete for route 173 gap through Antioch will be started Monday, it was learned yesterday.

Rough grading work on the entire gap has been completed, silt has been removed, and the drainage system under the road has been laid. Everything is in readiness to start pouring concrete, the contractor states.

If given a fair break with the weather, the contractor hopes to have most of the slab in before another month passes. Time, however, will be required to remove the existing slab and replace new concrete at the intersection where rt. 173 crosses Milwaukee avenue.

HERE'S ONE WAY TO BRING HOME BACK TO NORMAL

Modernizing the Old Homestead Doesn't Rob It of Its Personality

Clothes may not make the man—but good clothes on a man create a favorable impression!

This is just as true with houses. To be sure, the old homestead is filled with comfortable chairs, fond memories and all those sorts of things! It may be all those other things that the song-writers croon about, and the place we yearn for when we're far, far away.

But—through the eyes of the unsentimental, casual observer—or the insurance man—or the youngsters of the family—it may look like the "shanty in old shanty-town" or it may resemble something rickety and tumble-down!

True! The homestead has personality; but modernizing the house does not rob it of this personality. Instead it does for the house what good clothes do for the man—makes it more presentable. In addition it makes the house a great deal more livable—not to mention the fact that it adds immeasurably to its resale value.

Slice Off Gingerbread. Perhaps all the old house needs is a little bit of imagination and the wise use of modern machinery. Perhaps if it is stripped of its gingerbread and furbelows the old place has many of the structural qualities of a modern structure.

Everything else being equal, a few minor changes here and there—plus a new overcoat—may do the trick. And for such improvement there are numerous materials on the market that are adaptable to all types of houses. Just a peep at the Federal housing exhibits in the Naber building will demonstrate this.

In such classification for improvements comes concrete ashler veneer, brick, stucco, wood and asphalt and asbestos shingles. Used alone or in combination, any one of them can be advantageously used to "dollar up" and "doctor up" the old homestead.

Thorough Inspection Advisable. However, despite the modernization of the building, every home should have a thorough inspection during June to ascertain damage which may have occurred during the winter months.

Moisture which may have seeped in mortar joints, under flashings, eaves, copings, shingles siding and elsewhere may be starting rust, decay or other deterioration. Such accumulated moisture may have frozen and expanded causing loosened bricks, boards or other structural parts. If the fissures or cracks are not repaired immediately, further decay is likely to occur, which will necessitate expensive repairs at a later date. They also permit heat losses from the home and infiltration of cold.

Loosened or damaged shingles, flashings, gutters and downspouts may allow water to leak on the ceilings and walls, softening them and necessitating refinishing or repainting.

Antioch Has Experts. A complete architectural, engineering, designing and estimating service for such items is available in Antioch to home owners anxious to protect or modernize their homes. Without cost or obligation highly trained experts are ready to aid at the Federal housing office.

Those applications and inquiries received at this office to date disclose that practically every type of home modernization project comes within the provisions of the Title I of the National Housing act, which means jobs which could not be financed a year ago need no longer be delayed for that reason.

A & P MEAT MART OPENS. A new meat market in the Atlantic & Pacific food store at Antioch is featuring its formal opening with special bargains for one week.

EXPERT AUDITS VILLAGE BOOKS FOR TRUSTEES

Cash Disbursements Total \$18,097.97 for Year Ended April 30, Data Show

Cash disbursements totaling \$18,097.97 were spent by the village government for the year ended April 30, 1935, according to an audit submitted to the board of trustees Tuesday by E. F. Laurin, public accountant from Chicago.

The accountant's figures show current assets of \$12,384.09 against current liabilities of \$3,321.18, indicating a current surplus of \$9,062.91.

"I find that Mr. Powles, village treasurer; Mr. Murrie, village clerk; and Miss Rosing, village collector, have fully accounted for all funds pertaining to corporate and special assessment accounts during the period under review, and further, the present excellent condition of the records indicates careful and diligent effort on the part of these officers during the past fiscal year," Laurin stated.

Current Assets Listed.

An analysis of his report discloses current assets consisting of \$2,154.49 in cash in the First National Bank; \$7,119.59 in receivable taxes; \$331.18 in receivable water accounts; \$12.50 due from the former village clerk; \$47 due from Justices of the Peace Regan, James, and the late Samuel Tarbell dating back to 1932; \$229.95 from advances on new sewer project; \$793.85 from special assessment bonds and accrued interest; \$600 due from the fire prevention district; \$926.77 from the State of Illinois in motor fuel and sales tax funds; and \$168.86 in tax receipts from the closed Waukegan State bank.

More than 19 per cent of the taxes receivable are unpaid delinquents running back to 1930. The balance, \$5,726.63, covers 1934 taxes now in collection on an assessed valuation of \$459,971.

The accountant's report lists the village fixed assets at \$33,165.37 which he itemizes as follows: land, \$4,050; village hall and fixtures, \$6,650; fire truck, \$4,000; water system and equipment, \$6,835.55; new water tower and improvements, \$9,932.82; additional land acquired, \$1,700.

Get \$2,700.57 from PWA.

With the exception of Public Works administration grant of \$2,700.57, payment of this \$9,932.82 water tower and tank item came out of the water fund, as did the \$1,700 for additional land in connection with sewer extension improvement on Harden and Spafford streets. The bill due the Chicago Bridge and Iron works, which handled the contract, amounts to \$9,008.88, the report shows. About 51 per cent of the remaining \$923.94 of this item went for additional labor, materials, landscaping, etc.; legal services took 25 per cent; and the engineer about 24 per cent.

The balance due on the fire truck and fire hose amounts to \$1,000 and (Continued on page four)

Robert Hughes Captures Illini Horseshoe Title

Robert Hughes of Hickory, son of Mr. and Mrs. Carl Hughes, won the intramural horseshoe doubles championship of the University of Illinois with Kermit Kline, his college roommate. The pair represented their fraternity, Farmhouse, which is mainly composed of students from the College of Agriculture. About 200 doubles-teams were entered in the tournament which was open to all students registered in the University. Hughes is a member of the junior class.

Local Youth Home From U. of Arizona

Robert King of Antioch, son of Mr. and Mrs. Frank King, returned Saturday from the University of Arizona where he has attended school for the past two years. His parents drove into Chicago to escort him over the last leg of his journey. He was a student at the University of Illinois at Urbana-Champaign during his freshman year.

Find Stearns' Car With Full Gas Tank

Fire Chief James Stearns of Antioch recovered his stolen Buick car at 8 o'clock this morning with its gasoline tank filled and the oil replenished. Chief Stearns reported his car stolen in Waukegan yesterday afternoon at 2 o'clock, where he had driven it. Officer Deputy Sheriff Thomas F. Kennedy reported the recovery.

THURSDAY, JUNE 6, 1935

OUR STOCK IN TRADE!

Listen, folks—draw up an easy chair—relax—and cast your good eye over this! It's all free—but listen. Not fifty miles from Antioch is a market of more than 3 million people who crave entertainment, rest and a good time! If you don't believe they are seeking pleasure—and paying cash for it—try to get into any one of the Chicago "loop" theatres without waiting in line! Or drop into any one of the night life spots and try dancing among the patrons! Or tee-up on one of the golf courses! Or join the bathers on their lake-front beaches!

Or if you cannot experience any of these items—climb into a sardine-can and you will have a rough idea of the elbow-room at any one of these spots!

"So what?" quoth you. Well, what has Chicago got that we ain't got (to use the modern expression)?

We have all the necessary facilities—dancing, swimming, golfing, entertainment—plus a lot of other health-giving features that Chicago never thought of advertising in their Century of Progress posters.

All we have to do is look out-of-doors to see these many features. But that vast market of individuals in the Chicago area cannot see them with the most powerful telescope made—unless we point each of the features out to them!

These people have been fed-up with the "World's Fair!" They have been tired of hearing about the so-called depression! They are looking for a spot in which to get away from all those things! And right now they are looking around for the answer.

We know they can more than satisfy their answer in the Lakes region of which Antioch is the hub.

These are the facts—but it's up to all of us to tell them about OUR STOCK IN TRADE—to let them know Antioch and what we have to offer.

There's a need for a stimulant to keep the life-blood surging through Antioch's veins. That stimulant is the proper type of advertising. What do you think, folks?

TVA COWS AND CASH REGISTERS

Comptroller-General J. R. McCarl, who is often and justly termed the "Watchdog of the Treasury", has sent a report on the Tennessee Valley Authority to the President.

According to the Chicago Tribune news bureau, the report shows TVA has spent more than \$2,000,000 in an outright illegal or questionable way, incurring deficits in everything from power plants to cafeterias and tossing thousands of dollars around in an off-hand manner. It enumerates among other things:

That TVA purchased cattle it had been previously

offered for \$200 per head, for as much as \$950 per head, and later sold them for less than \$200;

That each of TVA's directors overdraw his salary by more than \$1,000;

That, in defiance of the law, TVA set up its main offices in a rented building costing \$36,000 a year, in Knoxville, after reconditioning the administration building at Muscle Shoals, and then hired and bought a fleet of airplanes and cars to carry employees back and forth between the two towns;

While TVA is designed as a rate yardstick for private utilities and should lay aside \$1,000,000 a year for depreciation, it has actually laid aside less than \$83,000.

That the TVA passed off shortages of hundreds of dollars occurring in its commissaries by saying that children had played with the cash registers;

The report is in the President's hands. He will doubtless order a full investigation. Then the taxpayers will have an interesting insight into the efficiency of government in business, and learn where their money goes when public officials are given complete and unqualified control of hundreds of millions of public dollars.

IS THE CONSTITUTION SINKING?

Congress no longer renders even lip service to the Constitution and the public at large shows little interest in its future, said Representative James M. Beck in a recent address before the New York City bar association. He predicted that whether or not the Constitution will survive the assaults of centralized Federal power, due to the current depression, may well be decided in this generation.

"The great reality," Mr. Beck declared, "is that we are today a totalitarianistic State and differ in degree, although not in kind, from the governments of Germany and Italy. It is true that on rare occasions, the Supreme Court will remind the Congress and the American people that a given law is in violation of the Constitution, but such occasional decisions are merely the bubbles that rise to the surface of the waves. The fact is that our Constitutional form of government is as the Titanic was when it was struck by a submerged ice floe."

"Our Constitution has suffered a like wound, but it would still keep afloat if the captain and the crew, by which I mean the American people, were willing to defend their Constitution at all hazards and to make any sacrifice necessary for that purpose. Of that disposition I can see no evidence."

The original objectives visualized by the framers of the Constitution, Mr. Beck declared, have been lost to sight, mainly because of the growing encroachment of Federal agencies—legislative, judicial and executive—upon State and individual freedom.

"Whether the comparison be just or unjust," he added, comparing industrial conditions here with regimentation in Russia, Italy and Germany, "the result of the NRA which regulates the factory, and the AAA, which regulates the farm, is potential economic slavery. It destroys not merely the right of the States in respect to their clearly reserved powers but the basic freedom of the individual to engage in lawful occupation."

TOPNOTCHERS by KET

Gram Bennett recently completed her five hundredth rug, a rare by twelve foot oval braided masterpiece.

In the twenty-five years Gram Bennett has been making rugs, about half of them are done in floral designs.

Lima on River Rimac

Lima is on the River Rimac and while some of the stone bridges were shaken down in the earthquake there is one still intact which dates from 1610. One ancient feature is gone. The Duc de la Palata, who was viceroy from 1681 to 1689, made of Lima a walled city. It was a period of fiery piracy on the seas and the viceroy took this unusual precaution to arm the old capital against raids of the sort in which Sir William Morgan took Panama city. These walls stood until 1870, when they were razed and replaced by boulevards which now ring the city.

First Railway Rails

Wooden rails for use in mines were used as early as 1555 on a tramroad near Barnard's Castle company, Durham, England. The first use of iron plates to strengthen the wooden rails was at the Whitehaven collieries, Cumberland, England, in 1738. In 1754, iron plate rails were laid on a wagon way, connecting the Coalbrookdale iron works in Shropshire with additional smelting furnaces at Horsehey. The first iron rail over which a train operated by a steam locomotive was on the Stockton & Darlington railway, England. This road was opened September 27, 1825.

Seeing Our Blood

The corpuscles of the blood may be seen quite easily under a microscope of 600 or 1,200 magnification.

"Letter" Defined

According to the United States Post Office department: "A letter" is a message, notice or other expression of thought sent by one person to another. It is just as much a letter if sent in an envelope from one to another unsealed as if sealed, or whether in an envelope at all, if it is directed as a letter. If matter conveys live, individual, current information between the sender and the addressee, upon which the latter may act, rely or refrain from acting, such matter is a "letter" within the meaning of the private express statutes.

City Called "Porkopolis"

Cincinnati, Ohio, was for some time called "Porkopolis," because of the large numbers of hogs that were driven in there in droves from the southeastern counties. Frequently the streets, as late as 1850, were literally filled with these animals on their way to the packing houses.

Eskimo Beats Snow Glare

The Eskimo beats the glare of the sun on the snow by taking his jack-knife and carving snow glasses from ivory, bone, horn or wood. The vision is only horizontal, but as virtually nothing of prime importance in the Arctic is built vertically, it little matters.

Every One Is Counted

In the average human head there are, on an average, 100,000 hairs.

HICKORY

Paul Nielsen of CCC Camp, Milwaukee, Wis., arrived home Wednesday evening for four days vacation.

Hickory School closed last week and we held our annual picnic dinner at the school house Saturday.

Mr. and Mrs. Vernon Sorenson and Mrs. Andrew Pedersen of Waukegan spent Thursday at Chris Paulsen's.

Bean Hill School held their picnic at Little Silver Lake Sunday afternoon.

West Newport school closed Wednesday with a picnic at the school house.

Pikeville school held their annual Community picnic at their school house Decoration Day.

Gerhardt Lange and Paul and Jimmy Nielsen motored to Chicago Saturday evening. Miss Helen Nielsen returned home with them for over Sunday.

Mrs. Ellen Tillotson and Miss Grace were Kenosha visitors Friday.

Wilbur Hunter drove to Oak Park Sunday evening. His daughter, Miss Lois, returned home with him for over Monday. On the way home they called on Miss Ellen Stokes and Mrs. Jennie Pickles in Elmhurst.

Dr. and Mrs. P. M. Jorgensen of Kenosha called at the William D. and George A. Thompson homes Sunday afternoon.

Henry Griffin of Kenosha visited a few days of last week with his daughter, Mrs. Alfred Pedersen.

Miss Grace Tillotson, Miss Blanche Leable and Miss Sophia Georgia (Pikeville) attended the graduating exercises of her 8th grade students held at Paddock Lake, Wis., Saturday afternoon.

Mr. and Mrs. Chris Paulsen and daughters attended the High School graduating exercises in Waukegan Wednesday evening in honor of their nephew, George Pedersen. Later in the evening they were entertained at his home.

Mr. and Mrs. Lois Milling and children of Chicago visited over Sunday at the Hugo Gussarson home.

Charing Cross' Name

Up to the time of Charles II, Charing Cross stood among the fields in London. The name is derived from the Saxon word charringe, meaning turning. In 1291 Edward I erected a turning in the last of 13 crosses which marked the route of the funeral procession of his wife, Eleanor, from Grantham, Lincolnshire, to Westminster. The cross was taken down in 1647. A modern memorial stands inside the Charing Cross station yard. It will be remembered that Eleanor journeyed with Edward I to the Holy Land and sucked the poison from a wound dealt her husband by a Moor.

MILLBURN

Mrs. E. A. Martin, Mrs. Robert Bonner and Miss Doris Jamison attended the demonstration and lecture given by Mrs. Tobey, Stylist from New York at the McHenry High School on Saturday.

Mrs. Ernest Wells entertained the bridge club at her home Wednesday afternoon.

Miss Vivien Bonner and Miss Alice Bauman drove to Urbana Friday and Geraldine Bonner returned home with them for the week-end.

Mrs. Mattie Edwards of River Forest spent Wednesday and Thursday with her parents, Mr. and Mrs. D. B. Webb.

Mr. and Mrs. L. H. Kamper of River Forest were guests for supper at the J. S. Dehman home Thursday night.

Mr. and Mrs. L. L. Peaslee and children of Sterling spent Memorial Day at the E. A. Martin home.

Marian Edward and Allan Bock of Oak Park spent Sunday at the Frank Edwards home.

Mr. and Mrs. Victor Strang and sons of Waukegan moved back to their home at Millburn this week.

Mr. and Mrs. Norman Adams of Evanston were callers at the E. A. Martin home Wednesday afternoon.

Many from Millburn attended the funeral services for Mrs. Jane Slocum, late of Genoa, which were held at Rosecrans church Friday at 11 o'clock.

Miss Lottie Hoffman of Waukegan called at the Marcus Hoffman home Wednesday.

Bernice Bauman spent the week-end with friends at Dokaib.

Memorial Day exercises were held at the Masonic Hall instead of the cemetery on account of the rainy weather. After the program, all went to the cemetery to decorate the soldiers' graves. Rev. Holden was the speaker. Ernest Wells was chosen chairman for 1936.

Dorothy Herriek entertained five girls from Warren High School at her home Sunday afternoon.

Transvaal Gold Producer

The Transvaal province of the Union of South Africa is by far the greatest producer of gold, producing nearly half the world's supply. It contains the Witwatersrand gold mines, the richest in the world, in an area about 30 miles long and 5 miles wide, around Johannesburg.

Nutrition in Watermelon

The average amount of water in a watermelon is 92.4 per cent. The remainder of the melon is composed as follows: Protein, 4 per cent; fat, 2 per cent; carbohydrate, 0.7 per cent; ash, 3 per cent. Food value per pound, 140 calories.

Fuel Value of Wood

It is generally considered that two pounds of wood are equal in fuel value to one pound of soft coal. Certain kinds of wood, such as hickory, oak, beech, birch, hard maple, ash, elm, locust, longleaf pine and cherry have fairly high heat values and a cord of seasoned wood of these species is required to equal a ton of good coal. It takes a cord and a half of shortleaf pine, hemlock, red gum, Douglas fir, sycamore and soft maple to equal a ton of coal, and two cords of cedar, redwood, poplar, catalpa, Norway pine, cypress, basswood, spruce and white pine to equal a ton of coal.—Indiana Farmer's Guide.

Mostly in Advance

An honorarium is a fee paid for professional services.

Our Vocabularies

It has been estimated that the vocabulary of the average educated person consists of 2,500 to 5,000 words. Vocabularies of lawyers, doctors and preachers usually consist of from 8,000 to 10,000 words.

The Word "Bratt"

The word "bratt" is derived from the Middle English "bratt," meaning a coarse garment or apron and probably came to be applied to a child through the sense of the child's bib or pinafore.

Iron in India

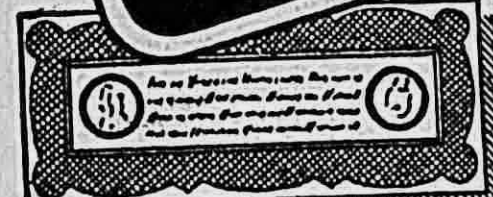

According to ancient writings, iron was known in India earlier than 1000 B. C.

A high grade AUTOMATIC Storage Water Heater

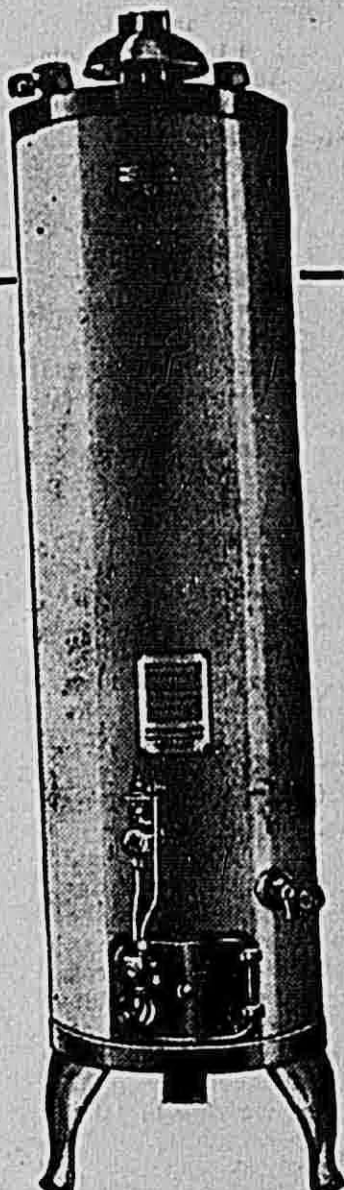

AT ONLY
★\$44.85

Special low terms
\$1.50 DOWN
48 months to pay balance

● This attractive automatic storage water heater is made and guaranteed by one of the largest storage water heater manufacturers in America. It is fully automatic, assuring an ample supply of hot water for every need at any hour of the day or night. Its 15-gallon capacity is just right for many homes.

All-metal thermostat, automatic gas cut-off, brass relief and drain valves, unit Bunsen burner, heavy galvanized iron tank and rock-wool insulation are among its many features. Finish is in two-tone gray porcelite.

Visit your nearest Public Service Store and see this automatic storage water heater. At the low price of \$44.85, it is a wonderful buy. Take advantage of our liberal terms—only \$1.50 down, 48 months to pay.

★ Ruud De Soto—15-gallon capacity automatic storage water heater. Delivered price, only \$44.85.

To cover interest and other costs, a somewhat higher price is charged for appliances sold on deferred payments. To the price quoted in our advertisements, and marked on our merchandise, substantially 2 1/2% is to be added on account of additional expenses.

PUBLIC SERVICE COMPANY
OF NORTHERN ILLINOIS

THURSDAY, JUNE 6, 1935

WILMOT

The grade school picnic was held in Fox River Park on Friday. Games and contests were held, and lunch served.

The graduates from the eighth grade of the Wilmot Graded school were Geraldine Higgins, Donald Johnson, and Emil Baelke. Donald Johnson received the highest average for the town of Salem.

Miss Dorothy Schooley has returned to her home in Janesville, Wis., and Miss Beale to her home in Kenosha. Dr. Paul Erickson, First Lieutenant of the Naval Reserve of the COC camp, has accepted a position on the staff of the U. S. Marine hospital in Detroit, in the Public Health Service department. His place here is being filled by Dr. Paul Elsinger, First Lieutenant of the Medical Reserve Corps, of Fort Sheridan, Ill.

The Forestry department of the COC camp is giving a motion picture on the evening of June 3rd, at eight o'clock, on forestry reserve work. This picture will be free to the public. A Milwaukee concern will give a talk picture on June 5th, at 8:00 P. M. A charge of ten cents will be made to visitors.

The present activities in the camp consist mostly of planting trees, and continuance of filling of the lowland near the river.

Miss Eugene Geroult, of Chicago, visited last week at the Cary home.

Mr. and Mrs. Carl Peterson and daughter, Carol, of Watertown, South Dakota, are stopping a few days with Mr. and Mrs. Raymond Rudolph.

Mr. and Mrs. Raymond Rudolph, with Mr. and Mrs. James Cary of Twin Lakes, Wis., attended the funeral of Mrs. Gene Bremner in Chicago Friday.

Mrs. LaFayette Owen, widow of LaFayette Owen, a former resident here, died at her home in Kenosha Saturday morning, following a long illness. She was born in Somers Township on Sept. 9, 1856, the daughter of the late Mr. and Mrs. Ambrose Spencer. She was educated in the schools of the township, and later attended Northwestern university at Evanston and the Boston School of Music. In 1893, she was united in marriage to LaFayette L. Owen. They lived in Burlington, Wis., until they moved to Kenosha in 1918. She was an active member of the First Methodist Episcopal Church. She was also a member of the Eastern Star, and a Leland Heckenman went to Wisconsin Rapids Monday, to represent the member of the White Shrine.

Wilmot Independent Order of Odd-fellows, Salem Lodge 42, at the State convention.

Mr. and Mrs. M. M. Schnurr and children visited with relatives in Milwaukee Memorial day.

The graduates from the eighth grade of the Oak Knoll school are Claude Reynolds, Frank Voss, Lester Davis, Gilbert Peterson, and Roger Sherman. The school picnic was held in Voss' tourist park. Mrs. Gates, the teacher, has been retained for the next school year.

Mr. and Mrs. Theodore Marone and Mr. and Mrs. Albert Kawatko of Kenosha visited at the Sutcliffe home Sunday.

Services at the Peace Lutheran Church next Sunday will be in English at 9:30 a. m.

The Channel Lake school, of which Miss Rhoda Jedebe has been the principal, closed on Tuesday. A picnic for the children was held on Wednesday.

The Wilmot Union Free High School held its Senior Class Day exercises on the evening of June 4th, and the Commencement Exercises will be held in the Wilmot gymnasium on June 6th, at 8:00 P. M. Mr. Fred L. Witter, superintendent of schools at Burlington, Wis., will give the graduation address, and the honor students, James Yanke, Emily Fiegl, Rose Zervas, Dorothy Pepper, and Fern Berry, will appear on the program. The other graduates are Harold Gauger, Kenneth Maves, Lyle Mecklenburg, Vernon Runyard, Grant Tyler, Dale Richards, Glen Axtell, John Bleneman, Joe Groff, James Peterson, Ruby Memler, Edna Newman, Jeanette Hasselman, Marion Gilmore, Beatrice Gillmore, Corinne Lake, Lois Cairns, Libuse Novacek, Nina Mark, Carol Juggs, Kenneth Dunford, and Floyd Lubeno.

The high school picnic was held Monday afternoon in the Silver Lake park.

The marriage of Miss Bernice Adelaide Harm to Oliver Irving Balza, of Kenosha, took place in the Peace Lutheran Church of Wilmot Saturday afternoon at four o'clock, by Rev. S. A. Jedebe. Miss Harm is the daughter of Mr. and Mrs. William Harm, of Spring Grove, Ill., and Mr. Balza is the son of Mr. and Mrs. Joseph Balza, of Kenosha.

The bride and groom left following the reception for a week's trip to the east. They will be at home to their friends at 1122 Sixty-eighth Street in Kenosha, after June tenth.

The bride is a graduate of the Wilmot High School and Racine-Kenosha business college. She worked under Mr. Ihlenfeldt in the office of the County Superintendent of Schools, in Kenosha, and the past two years taught the primary room at the Cottage school at Twin Lakes.

The bridegroom, who is an accountant at the Simmons Company, was graduated from the Friedens Lutheran High School, and attended Concordia College at River Forest.

Indiana Made Long Canoes

Indians of the Northwest coast made dug-out canoes as long as 70 feet, from single giant logs.

Yesterdays

News of By-gone Years in Western Lake County

Forty Years Ago

Decoration Day was not observed in Antioch, except that the old vets and the school children headed by C. E. Allen and Will Williams with the flag and drum, went to the cemetery, at 8 o'clock and decorated the graves of the fallen heroes. Next year we hope to see the day more generally observed in Antioch.

Will Jamieson arrived home on Thursday of last week from his trip to England, and in company with his brother, Gordon, will start for the West in a few days.

Reduction in Price of Meats.

From and after this date we will sell the very choicest meats at the following reduced prices:

Bolling beef 6 to 8 cents per lb.
Pot Roast 8 to 10 cents per lb.
Shoulder steak 10 cents per lb.
Round steak 10 cents per lb.

And all other choice cuts in proportion. Quality the best. Telephone connection with the lakes. Call us up. Whitticher & Shottliff, Antioch, Ill., June 6, 1935.

Thirty Years Ago

Miss Ada Butrick left on Wednesday for Darien, Wis., where she expects to remain for some time.

F. K. Shottliff has accepted a position for the summer as manager at Schenning's resort.

Elmer Guldage has accepted a position in Swan's drug store for the summer.

Ira Soule went to Grayslake on last Monday, where he has the contract for laying a large number of cement sidewalks.

Storms, cloudbursts, and floods inflicted widespread destruction throughout the state Tuesday, and the losses will reach several hundred thousand dollars. The havoc in the state was wrought at Fond du Lac, where the city is battling with the worst flood in its history. Nineteen thoroughfares in Fond du Lac itself are covered with water. Basements and residences are flooded, business and manufacturing firms will suffer heavily. The damage thus far is estimated at \$100,000 in Fond du Lac. The flood is the result of a storm that started Saturday and continued until Tuesday.

Twenty Years Ago

Howard Ames of Chicago is visiting relatives.

P. E. Chinn and family and Phyllis Morley motored to Kenosha Monday. Lee Burnette of Hammond, Ind., is visiting his parents here this week.

Ernest Coole visited Antioch friends over the week-end.

Mrs. Maude Sahlin entertained a lady friend from Chicago over the week-end.

Mrs. George Webb and son transacted business in Chicago Monday.

Mr. and Mrs. Ed Palmer of Chicago visited over Sunday with the former's parents here.

Mr. and Mrs. Tom Burnette of Hammond, Ind., spent over Sunday with the former's parents here.

TREVOR

Miss Daisy Mickie, Fort Sheridan, spent Thursday with Mrs. Jessie Allen and daughters.

Mr. and Mrs. Ole Beckgaard and daughter, Racine, were Trevor callers Decoration Day.

Mrs. August Lukeman near Bristol and sister, Mrs. Olga Hanneman, Milwaukee, were callers at the Charles Oetting home recently.

Vernon Runyard accompanied Floyd Lubeno to Burlington Wednesday evening.

Champ Parham and Maurice Lux were in Chicago Wednesday.

Mrs. Maude Robbins and Miss Frank Stewart, Kenosha, were callers at the Fleming home Decoration Day.

Miss Elvira Oetting, Madison, spent Thursday with the home folks.

Mrs. Will Van Oadel and Steve Konlay, Chicago, spent Decoration Day at the former's cottage.

Miss Tillie Schumacher accompanied her sister, Lillie, and Ed Burns to Madison, Friday.

Miss Clara Hanke and brother, Charles Hanke, Slades Corners, visited Mrs. Mattie Copper and daughter, Pauline, on Thursday.

Patsy Burke entertained a number of little friends on Thursday afternoon in honor of her sixth birthday anniversary.

Mrs. B. Kohlman, Antioch, visited Mrs. Harold Mickie on Friday.

Mr. and Mrs. Joe Burke entertained the former's sister, Miss Betty Burke, and Mrs. Burke's mother from Chicago on Decoration Day.

Mrs. Mary Bushing, Oak Park, is visiting her son, Arthur Bushing, and family.

Miss Bernice Longman, Lake Marie, spent Friday with the home folks.

Mr. and Mrs. Halverson and son, Antioch, with friends called at the Peter Schumacher home Sunday afternoon.

Miss Lucille Schumacher spent part of the past week with Mrs. Halverson and sister in Antioch.

A large number from Trevor and vicinity attended the graduating exercises at Paddock Lake on Saturday afternoon and saw the four eighth graders who successfully passed the

Fifteen Years Ago

Mrs. Ada Overton of Chicago spent the week-end with her parents here.

Miss Ruth Pollock closed her school work this week and took up her new work in the postoffice.

A marriage license was issued to Walter Frank Stickle, now of North Chicago, and Miss Anna Lily of Berwyn, last Saturday.

The Atlantic and Pacific Tea Company are about to open up a store in this village. They have rented the building owned by J. N. Pacini and are moving the stock this week.

The wholesale price of \$2.75 per hundred for June milk has been announced by the Milk Producers' Co-operative marketing company. This is an advance of five cents over May.

Frank Hunt has resigned his position in Williams Bros. store.

test receive their diplomas. The four were Eloise Allen, Lucile Lavendusk, Raymond Forster, and Stanley Runyard.

Miss Ruth Pepper returned home Friday from Evansville, Wis., where she was employed as teacher.

Week-end visitors at the Charles Oetting home were their daughters, Elvira Oetting, Madison; Adeline Oetting and Beatrice Oetting, Oak Park; Howard Matthews, Chicago, and Arthur Ray, Madison.

Mr. and Mrs. Chris Schafer, Jr., attended the graduation exercises at the Antioch High school Monday evening.

Sunday visitors at the Joseph Smith home were Mr. and Mrs. George Hall, left daughter, Marguerite, Mr. and Mrs. James Lamb, daughter, Betty Jane, and Mrs. Helen Hallett, Kenosha.

Molly Schafer, near Bristol, spent Monday and Tuesday with her brother, Chris Schafer and family.

Grant, Lee Meeting Place

The meeting place of General Grant and General Lee at Appomattox is marked by a tablet which bears this inscription: "On this spot Lieut. Gen. Ulysses S. Grant, U. S. Army, and Gen. Robert E. Lee, C. S. A., met on the morning of April 10, 1865."

The Victoria Cross

The Victoria Cross is in the form of a Maltese cross and is made of bronze. In the center is the royal crown, surmounted by the lion, and below, on a scroll, the words "For Valor."

World War Day of Prayer
During the World War President Wilson proclaimed three public days of prayer. The first, eighth of September, 1914, proclaimed October 4 as a day of prayer for the peace of the nation; the second, proclaimed the nineteenth of October, 1917, set October 28, 1917, as a day of prayer in connection with the entrance of the United States into the World War for the triumph of the United States and Allies in a righteous cause; the third, proclaimed eleventh of May, 1918, set the thirtieth of May, 1918, as a day of prayer for counsel and wisdom for victory and peace and for a general confession of sin and declaration of reliance upon Almighty God.

Pair of Twins
A pair of twins is two children. The term is sometimes used loosely, but a pair always means two.

Most Revised Poem
Gray's "Elegy Written in a Country Churchyard," which ranks high in popularity in English poetry, was one of the most revised and laborious poems ever written, its 128 lines being in process of composition for eight long years, writes Dr. Havilah Babcock, Columbia, S. C., in Collier's Weekly.

GOLDEN EGGS
Tidy sums in "butter-and egg money" are made by farm women who use the telephone. A telephone call is a quick, easy and dignified way to sell. One call to the local market determines the highest prices being paid. Another call to each customer clinches the sale, assures delivery and often results in additional orders for poultry and seasonal produce at the best prices available. This is only one of many things the farm telephone can do at a profit! Employed every day, for a variety of uses, it can and repeatedly does show a profit above its cost. Remember, it works for small pay.

Buick
ANNOUNCES
the appointment of
an authorized Buick dealer for
Antioch and Vicinity
HAROLD J. TUCKER
ANTIOCH, ILLINOIS

● Buick Motor Company announces this appointment with pleasure, believing that it assures to the people in this vicinity the highest quality of motor car sales and service.

With numerous friends, high standing and a line of cars unsurpassed in style, quality, performance and dependability, this new dealership starts off with every prospect of a sound and progressive business future.

Everyone is cordially invited to visit this new Buick dealer and to inspect the Buicks for 1935. These cars are indeed the most beautiful in Buick's long experience, and the finest performers. The newest Buick, at factory list of \$795 and up, is the lowest-priced through-and-through Buick ever built. All are designed in modern and modish style. All give smooth, suave and satisfying performance. All afford the Buick unchallenged dependability which is famous throughout the world. All bring you the most desirable of new and improved features.

Expert service is an important part of the value you get when you invest in a Buick—and that is what this new dealer is prepared to render under the blue and white Authorized Buick Service sign. There is always in stock a large assortment of genuine Buick parts and accessories.

Former Antioch Student

Nuptial rites joined Miss Viola E. Pilling, daughter of Mr. and Mrs. Henry Pilling of Waukegan, in wedding with William E. Nelson, son of Mr. and Mrs. H. J. Nelson of Lake Villa and a graduate of Antioch township high school, at the Antioch M. E. church Wednesday morning. The ceremony was performed by Rev. S. E. Pollock.

The June bride was attired in white crepe and carried a pink and white bridal bouquet. Only relatives and close friends were present at the ceremony. The couple will reside at Elx Lake.

MISS MILDRED MCCORKLE
BRIDE OF WAUKEGAN MAN

Miss Mildred McCorkle, daughter of Mr. and Mrs. Charles McCorkle, former residents of Antioch but now of Grass Lake, was married Saturday, June 1st, to Lawrence Willis of Waukegan.

The ceremony was performed by Rev. Philip A. Bohl, at the Bohl home in Des Plaines, Ill., in the presence of the immediate relatives of the couple, who were attended by Miss Dorothy McCorkle, sister of the bride, and Jefferson Willis, brother of the groom. A dinner and reception followed the wedding, at the home of the bride's parents. The couple will make their home in Waukegan.

AUXILIARY LADIES ENTERTAIN
AT MANOR HOUSE MONDAY

Nine tables of bridge and 500 were filled with players at the Legion Auxiliary party given at the Mortensen Manor House Tea Room on Lake street Monday afternoon. Mrs. Martha Rosing won highest score. Other prize winners were Miss Dorothy Runyard, Mrs. Alma Hardin and Mrs. A. Thurwell. The committee in charge were: Mrs. James Webb, Mrs. Lillian Jensen, Mrs. Chris Mortensen and Mrs. Walter Hills.

TUESDAY BRIDGE CLUB HAS
DINNER AND THEATRE PARTY

The Tuesday bridge club met at the home of Mrs. A. Harvey at Little Silver Lake, Tuesday afternoon. Several games of bridge were played, with Mrs. Wm. Rosing winning highest score. Other winners were: Mrs. Mike Golden and Mrs. Wetzel. Mrs. Dora Folbrink won the consolation prize. After the games the ladies drove to Kenosha and were entertained at the Dayton Hotel and from there to the Kenosha Theatre.

MRS. JAMES DUNN IS

GREAT LINER TO BE
SENT TO GRAVEYARDS. S. Mauretania Will Be
Wrecked for Scrap.

London.—The Mauretania, speed queen of the Atlantic from her launching in 1907 until 1920 and the most famous of British ships, will soon make her last trip—to the scrap heap. At least she will be spared the indignity of a tow to her grave.

Under her own power she will sail from Southampton, England, for Rosyth, tiny town at the head of the Scottish Firth of Forth. Arrived at Rosyth the once mighty queen of the Atlantic will drive head-on to the beach with her four steam turbines, marvel of their day, going "full ahead." Beached in the shallow waters of the Firth, wreckers will tear the heart out of her for the value of the metal in her hull.

Foreigners Sought Ship.
Foreign interests, particularly Italian and Japanese, have tried to buy the Mauretania with a view to re-commissioning her and putting her back in passenger service.

Whether from sentiment, or because of pressure from the high command of the English navy, the officials of the Cunard-White line refused to sell the ship to other than English hands. She went to the Metal Industries, Ltd., of Glasgow, Scotland, for a reported price of £80,000—approximately \$384,000 at the present exchange. The cost of building her was £3,000,000, or roughly \$14,400,000.

The Mauretania, sister ship of the torpedoed Lusitania, established the record for crossing the Atlantic at 5 days 10 hours and 45 minutes back in 1907. Despite the desperate efforts of her owners to recondition her in such a way that she might regain the record she held for 22 years, the German Bremen and Europa and the Italian Rex have been too fast for her since 1920.

Her Last Attempt.

In her last vain try for her former place as the fastest of the Atlantic ships she made the crossing from Cherbourg to the Ambrose channel lights in 4 days 21 hours and 44 minutes, arriving in New York August 8, 1920.

The present record for the crossing is 4 days 13 hours and 58 minutes, set by the Rex of the Italian line in August of 1933 and closely approached by many others of the modern luxury liners. The greater speed of the new ships, embodying all the modern improvements and the latest developments in streamlining, as well as greater stability and more comforts, combined to start the Mauretania on the down hill path to her grave.

More fortunate than her mate, the Lusitania, the Mauretania went through the war unscathed. Used in troop transport to the Dardanelles in the early days of the war, she was later recommissioned as a hospital ship. Before the war ended the English government handed the great ship back to her owners. She was then refitted and placed in the passenger service.

Desks in Senate Chamber

There never were oak desks in the senate chamber. When the senate moved into the present building on January 4, 1850, the old desks which were mahogany were brought in from the old chamber and these have been replaced as needed.

Depth of Red Sea
The greatest depth of the Red sea is 7,254 feet.

CHRISTIAN SCIENCE
AID IN DEPRESSION,
NEW PRESIDENT SAYS

6000 Attend Annual Meeting of Mother Church in Boston

Boston, Mass., June 3.—A call to renewed activity in the daily application of Christian Science was issued today at the annual meeting of The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts, by The Christian Science Board of Directors.

Church officers in their reports divulged marked growth of the movement throughout the world, and increased demand for the writings of Mary Baker Eddy, Discoverer and Founder of Christian Science.

George Wendell Adams, speaking as chairman of the Board of Directors, stressed the need for interest not only in problems of individuals, "but also in the general welfare of the world. Truth and Love hold guard over the whole world as well as over the minutest occupation of it," the Directors said.

"In these days of unrest, with rumors of vital disagreements among nations, we should turn often in prayerful expectancy that nation shall not rise up against nation, but that Love, God, will be acknowledged as supreme in the affairs of men. In reality, men and nations do not envy and hate each other, because they have one heavenly Father they respect and love each other."

Referring to the new Christian Science Publishing House which increased demand for Christian Science literature made necessary, Mr. Adams asserted that while wholesome activity in the movement continues, "the putting up of building, however beautiful and necessary they may be, does not in itself, lay the foundation for spiritual enlightenment which is essential to meet the demands of humanity. To be enduring, growth must be the result of earnest, active spiritual effort."

The election of A. Barry Bacon as the new President of The Mother Church was announced. Mr. Bacon succeeds Dr. John M. Brewer, Associate Professor at the Harvard Graduate School of Education.

New Readers elected to serve in The Mother Church for the next three years are Ralph B. Schofield and Miss Florence Slevier Middaugh.

Edward L. Ripley and Ezra W. Palmer, both of Brookline, Mass., were re-elected Treasurer and Clerk of the Church, respectively.

Mr. Schofield, who will conduct church services, was born at Howden, Yorkshire, England. He was educated at Eton College, where he first experienced the healing influence of Christian Science. Entering business in London he worked with a firm of marine insurance underwriters at Lloyd's. During the World War he served as captain of infantry with a British regiment.

Miss Middaugh, the Second Reader, is a native of Colorado and was educated in the schools of Denver. She has been a student of Christian Science for more than twenty years, and a member of The Mother Church since 1918; she has had membership with branch churches in Denver and in Los Angeles, California, and has served as soloist in Christian Science churches during sixteen years, six of which were with The Mother Church.

Mr. Bacon, the new President, was born in Pontiac, Michigan, but when quite young his parents moved to Washington, D. C., where he spent his boyhood and received his education. Entering the retail business world, he located in Boston, where he has steadily advanced and is now president of one of the oldest specialty department stores in New England. In his address Mr. Bacon asserted the modern need for accepting the

ANTIOCH OFFICIALS

(continued from page 1)
\$125 respectively. According to the minutes of the board of trustees, the first fire prevention district of Antioch township is to pay \$600 to the Village for use of fire equipment for the year ended May 1, 1935. Amounts due firemen for that period are not shown.

Retire Benefits in 5 Years.

Public benefits installments owed the Village on April 30 total \$2,650.05 plus accrued interest of \$159. However, \$1,449.23 of the amount was due January 1, 1935, and no payments have been made on these installments during the fiscal year just ended because the public benefits fund was overdrawn. Total receipts from 1933 taxes for this fund are \$505 and the total of the 1934 benefits tax extended amounts to \$459.97. It will require at least five more years at the present tax rate to catch up with the retirement of these installments.

There is a balance of \$300.68 in the bond and interest fund, the only outstanding liability being a \$200 bond, due April 1, 1927, the last of the unretired bond of the \$5,000 issue of 5 per cent on Oct. 1, 1919.

Liquor Heavy Contributor.

An analysis of moneys from licenses and permits indicates the liquor license-holders the heaviest contributors with \$1,640 total from four tavern owners, one pharmacist, and the Loyal Order of Moose. At present the village attorney E. M. Runyard is preparing two additional classifications for beer and liquor licenses for pharmacists and hotels and restaurants. He will present the suggested amendment at the board meeting next Monday night when fees may be set. The sale of 348 vehicle licenses for the year added \$1,109.75 to the treasury, a decrease of \$37.22 from the pre-

Bible axiom, "By their fruits ye shall know them."

"During the past four years of the so-called depression," he said, "when the whole world has struggled under unemployment, lack, want, and woe, Christian Science has come to the rescue of many, and through the application of this Science, they have been healed of erroneous conditions. In the midst of this period the building of our new Publishing House was wisely undertaken. Thereby many people were given employment, much money was put into circulation, and an example of courage and perseverance in right-doing was presented with resulting benefit."

The fruitage of Christian Science in healing all manner of disease and disorder, was attested in selected testimonies read by Mrs. Marjorie C. Mulock, of Detroit, Michigan. Among some of the healings reported were: instability, rheumatoid arthritis, pernicious anemia, epilepsy, atrophied limbs, defective eyesight and distressing stoppage of speech. Approximately 6000 persons, representing but a fraction of the total membership of The Mother Church, crowded the great auditorium to the third gallery, overflowing into the original edifice adjoining.

Oldest Women's Club Building

One of the oldest women's club buildings in the United States is occupied by the Women's Club of Nutley, N. J. The old Vreeland homestead, which has been the club's home for many years, was built 238 years ago.

Old Boys Are Needed

"When men call for combat," said Hi Ho, the sage of Chinatown, "they exempt those who are too old to fight and yet wise enough to give counsel. So I sit humbly on my doorstep and mutely wonder."

coding year. Dog licenses contributed \$124; theatre licenses, \$37.50. Only one building permit was issued.

Special Assessment Account.
The special assessment account shows \$18,835.01 in unpaid installments as of April 30, 1935, with accrued interest on them equaling \$2,025.61. In addition there are \$6,020.28 tied up in the State Bank and a balance of available cash of \$3,161.25. Against this the accountant finds \$23,697.50 in bonds outstanding; bond interest past due to the amount of \$2,092.60; and bond interest accrued of \$1,149.70.

This means that with the full collection of all delinquent installments and the receipt in ready cash of the "frozen cash" item of \$6,020.28 in the State Bank, there can be a surplus of \$3,092.45.

Inspect Sewer Extension.
Final inspection of the sewer extension on Harden and Spafford streets, completed recently by Contractor James Malloy, will be made within the next few days. Village Engineer James Anderson informed the village officials in a letter to Clerk R. L. Murrie yesterday. Anderson stated that he expected to have a federal engineer from the Chicago office of the Public Works Administration here at the time so that the two men can make the final inspection together. If the project is given the okay of the engineers it is expected that the job will be approved by the village board at their adjourned meeting Monday night.

While the mains and pumps have been in readiness for operation for several days, no connections with the mains have been permitted to be made before final inspection and approval of the entire project by the village board.

R. ECKERT, Prop.

LAKE VILLA

Mr. and Mrs. Wm. M. Weber and little Helen started last Friday morning on a business trip to St. Louis, and on Saturday went to Cape Girardeau, Mo., to visit friends and relatives. They returned Sunday evening.

Mr. and Mrs. Peter Mork went to Twin Lakes, Wis., on Monday and will spend a few weeks with their daughter there.

The Royal Neighbors' Officers Club met with Mrs. Anzinger at Grass Lake on Tuesday afternoon of this week with a good attendance. A number of visitors were present to enjoy the cards following the business meeting.

Mrs. Johanson of Chicago who had been visiting her daughter, Mrs. Earl Hucker for three weeks or so, passed away quite suddenly at the Hucker home on Tuesday evening of last week. She had not been well, and her illness was not considered serious until she was stricken with paralysis on Tuesday. The body was removed to a Chicago undertaking parlor where the funeral was held later in the week. Besides her daughter, Mrs. Hucker, she leaves one son who lives in Chicago, and to them we extend our deepest sympathy in their bereavement.

The Ladies' Aid Society met on Wednesday afternoon with Mrs. Mary McGlashan with Mrs. Nettie Frazier as co-hostess. The ladies are planning a number of interesting events for the summer, both to add to the building fund and to carry on their regular work.

We are glad to be able to report a goodly number of our young people who have successfully completed four years of High School work in our various high schools, among them being Jack Rhoades who finished at Minong, Wis., Lillian Atwell and Julie Hall, at Grant, Catherine Boehm at Warren and Myrtle Daube, John Gribb, Jean Culver, Chester Craft, Bertha and Cora Cremin, Edith Murphy, Howard Sherwood, Foville Simpson, Lars Steffenburg and Dan Williamson from the Antioch High School. We hope that with the completion of this work, they may be able to go on and be able to take their places in the world as good and useful citizens.

On Wednesday morning, June 5th, William Nelson, son of Mr. and Mrs. H. J. Nelson and Miss Viola Phillips of Waukegan took their marriage vows before Rev. S. E. Pollock of Antioch at the M. E. church there in a simple ceremony. The happy couple went on a boat trip to Michigan for the day and they will live in a cottage on the south side of Fox Lake. William is employed by the Severinghaus laundry of Chicago and both he and Viola have many friends who wish them much joy and happiness on the journey of life.

Miss Ruth Gottschalk who has been teaching at Marseilles, Ill., is with her friend, Mrs. Frank Richards for a few weeks of her summer vacation.

Mr. and Mrs. Al Boehm and Catherine returned Sunday evening from a trip to northern Wisconsin, where they had enjoyed a few days' visiting.

Mrs. William Pinch and niece, Clara Harmon called on friends here last Friday. The Pinch family moved from here last year to Rhodie Island where Mr. Pinch has charge of horses for a wealthy man there. Mrs. Pinch and Clara came to Waukegan to visit Mrs. Pinch's sister, Mrs. Ruth Harmon, who has been suffering from an infection.

Jane Culver visited her friend, Jane Warriner at Antioch a couple of days this week.

Among the crowd which saw the Passion Play at Zion last Sunday were Mr. and Mrs. Carl Seeger, Mr. and Mrs. Ed Slater, Mrs. Swanson, Evelyn and Elsie Swanson, and Mrs. Perry, Mr. Frye and Mr. Hooper who were in charge of a number of seventh and eighth grade school children.

Mrs. Mina Gilbert of Waukegan visited her daughter, Mrs. Horace Culver and family from Saturday till Wednesday and attended the graduation exercises at Antioch Monday evening.

Bruce Hamlin who has been with his grandparents, Mr. and Mrs. Fred Hamlin for several weeks, has returned to his home in Chicago.

Edgar Kerr of Bloomington, Ill., and Ray Kerr who has headquarters in St. Louis, called on their parents Sunday evening on their way home from Ray Kerr's lodge at Three Lakes Wis.

Rev. De Selms assisted the Diamond Lake pastor in his services on Sunday so was absent from his own pulpit, but Rev. Pollock of Antioch who has many friends here, preached in his stead. On Sunday evening the Leagues of Antioch and Fox Lake held a combined meeting with Lake Villa and Rev. Leseman of the Chicago Training School gave a splendid talk on "Pictures of the Mind." Following the meeting, the young folks enjoyed a social hour and refreshments.

Miss Mary Gallier drove to Dixon, Ill., last Tuesday to visit her sister, Miss Marguerite Gallier, a nurse in the state hospital.

The question of whether or not we should have a gymnasium at the school was voted on at the school house last week and carried by a good majority. Now it remains to be seen if it will be approved by the government.

Ben Hamlin, our one remaining Civil War veteran, with his son, Frank, attended the Memorial services held in Waukegan last Thursday.

CHANGES URGED IN BANKING BILL

Business Men and Bankers Agree in Objecting to Political Control Over Banks.

AMENDMENTS ARE SUGGESTED

Political Domination of Federal Reserve Board Declared to Be Undesirable for Depositors as Well as Their Banks.

WASHINGTON, D. C. — Business men and bankers alike who have appeared before committees of Congress to present views regarding the Banking Act of 1935 have found common cause for criticism in those provisions which they agree would create the means for undesirable political control over the Federal Reserve System and thereby over individual banks throughout the United States. They have made the point that this undesirable condition would affect depositors in banks even more than the banks themselves.

This view has been stressed in criticisms by the Chamber of Commerce of the United States, and the question of partisan control over banking was the central theme of a statement presented by R. S. Hecht, President of the American Bankers Association, who appeared before the Senate Subcommittee on Banking and Currency hearings here. Mr. Hecht declared that his organization is actuated by a desire to be helpful to Congress "in enacting effective and workable banking legislation in the interests of all our people." He said in part:

"If it is finally decided that it is necessary to carry this legislation through at this session, we are strongly of the opinion that special care should be taken to keep our credit control and banking mechanism free from any sort of political considerations."

"In making this statement I do not wish to appear to question the propriety of the Government's exerting a certain amount of control over banking operations so far as they affect the nation's currency and general monetary policy. Nor do we object to broad powers of supervision over the operation of our banking institutions because of the semi-public responsibilities they carry. But when it comes to such matters as the granting of credit and the making of investments by our banks, these are questions of business policies that surely should not be under the sole control of a board so constituted as to be dependent upon partisan or political considerations under any administration."

The Basis of Sound Credit
"The real conditions that create the necessity for the expansion or contraction of credit arise from the needs of agriculture, industry and trade themselves, wholly independent of the administrative policies of the party which happens to be in power. We feel that the financial requirements of the nation's business constitute a continuing economic process that is not related to political changes. The fundamental principles of sound credit do not vary with variations in public thought. All experience teaches that the quality of credit is sound only so long as it is based purely on the requirements of sound business. It is not sound when any other considerations or motives enter into its composition."

"The Banking Act would centralize in the Federal Reserve Board at Washington means aimed to control the supply of money in the country, which term includes the sum total of currency in circulation and demand deposits in the banks which become current through checks. The powers which it is proposed to give the Board are intended to enable it to influence the quantity of this deposit money through open market operations, the discount rate and reserve requirements."

The Need for Independence
"That is the reason why we are so strongly in favor of making the Federal Reserve Board a body of such independence and prestige that it would be definitely removed from all political thought, influence and dictation. Its members should be free to study and to act in accordance with the needs and conditions of agriculture, industry and trade. The policies of the board should have no reference to the politics or the changes in politics of the national administration."

"In our studies of the bank bill, we have been strongly impressed with the fact that it would set up a situation under which the Federal Reserve Board and its policies might be subject to control from the political administration of the country. In saying this I do not charge that it is the intention of the present administration to bring about any undue control over the nation's banking mechanism. The point is that if the bill passed as now proposed, opportunity for control would be there for the use of the present or whatever future administration might be in power."

"Our criticisms of the bill are not aimed, therefore, at the motives of the present administration, but they are wholly impersonal and non-political and are aimed entirely at the basic principles involved."

Desirable Changes Proposed
Careful study by his organization Mr. Hecht said, had resulted in a number of suggestions for constructive revisions in the bill which he submitted to Congress. On the other hand, he de-

clared that many of the changes proposed by the act in existing laws "are of a constructive nature and should have the support of bankers, if the method of appointment and the tenure of office of the members of the Federal Reserve Board, in whose hands it is planned to concentrate greater power than ever before, could be so altered as to insure, as far as possible, the absolute independence of the Board from partisan or political considerations." He added:

Supreme Court of Banking
"Since the passage of the Federal Reserve Act over 20 years ago, opinion in Congress and among bankers has been striving towards the ideal of making the Federal Reserve Board a body of such independence and prestige that it might be described as the Supreme Court of Finance and Banking. We believe there is greater need now than ever before for realizing this ideal."

R. S. HECHT

Mr. Hecht emphasized that it is "the genuine desire of the banking fraternity to be helpful and constructive in making suggestions in connection with this pending legislation. The changes we are urging are we believe essential to the continued independence of the Federal Reserve System."

"We have made it clear that we do not object to a measure of public control in the national interest for proper coordination of our manifold credit operations," he said, "and we do not believe the sponsors of the legislation desire any political domination over these activities through our Federal Reserve System."

"Under such circumstances we feel that our recommendations should be favorably acted upon because they would enable the reconstructed Federal Reserve Board to function freely as a nonpolitical body actuated only by the dictates of sound financial and economic policies conceived in the interest of all of our people."

"The adoption of our suggestions would both place operation of the Federal Reserve System wholly and distinctly apart from the fluctuations and vicissitudes of political conditions and free from undue influence by banking opinion only. Such a solution would thus have a stabilizing and confidence inspiring effect on the entire business situation."

Banks Rapidly Reduce Debt
Although the sum of \$1,860,000,000 has been advanced to banks and trust companies by the Reconstruction Finance Corporation since it began operations in February, 1932, down to April 30, 1935, these institutions have repaid no less than \$1,340,000,000, or more than 72%. This rate of repayment is reported as being considerably in excess of that made by any other type of borrower.

Loans were authorized by the Reconstruction Finance Corporation to 7,396 banks and trust companies in an aggregate amount of \$2,350,000,000, but of this sum \$345,000,000 was withdrawn or cancelled and \$140,000,000 has not yet been taken out by the borrowers.

Simplification of Bank Checks
New York — In a bulletin issued by the Bank Management Commission of the American Bankers Association, plans are described for carrying on the simplification of bank checks, notes, drafts and similar instruments in respect to size and uniformity of arrangement of subject matter.

Detailed recommendations for this end were formulated by the association about ten years ago, the bulletin says, and promulgated by the United States Department of Commerce among banks, business houses using large numbers of checks, commercial stationers and lithographers. As a result about 85 per cent adherence to the recommendations was brought about. The present bulletin, which describes the standard specifications in full, is issued to maintain this high level of adherence to the recommendations.

National Bank Notes
Changes in our money on the scale of about \$800,000,000 are now going on through the retirement of national bank notes. This is reflected in increasing deposits in the Treasury of lawful money to replace bonds held against outstanding notes which will require some time for withdrawal from circulation.

The change in the currency will require a considerable shift of bank funds in many cases, but it is doubtful if so large a volume of currency has ever been retired and replaced in any country with so little disturbance.

Not Circulating Library
The Library of Congress is not intended as a lending or circulating library, but as a reference library and permanent store house of human knowledge. Only certain officials at Washington are entitled, by statute, to the privilege of drawing books for home use. Special permits to borrow books are freely issued by the librarian, however, to persons engaged in research, and there is also maintained an interlibrary loan system by which books may be loaned to other libraries for use of those engaged in serious investigation.

Proposing the Panama Canal
The route traversed by the Panama canal was explored by the early Spanish explorers, particularly Balboa, who first broached the matter to the Emperor of Spain in the early years of the sixteenth century and made surveys in search of a feasible route for a canal across the Panama isthmus.

Thackeray Born in India
William Makepeace Thackeray was born in Calcutta, India, July 18, 1811. His father was an Englishman, a judge and collector of revenues in India. He died when his son was five. The boy was sent to England to be educated. His mother joined him there after her second marriage.

Temperature of Interstellar Space
The Smithsonian Physical tables say that the temperature of interstellar space is calculated, following Eddington, at a little over three degrees above absolute zero, the point where all molecular motion ceases and it cannot possibly be any colder.

WOMEN'S PAGE

LACE TAKES LEAD IN STYLE PARADE

Is Used in Clothes for All Sorts of Occasions.

Lace is queen, long live the queen! The importance of lace cannot be overstated. The "Lace Ball" given some few days ago at the Waldorf Astoria in New York, was a glamorous affair—a veritable fairland of beauty, romance, talent, charm and feminine loveliness which baffles description. Everyone wore lace at this gorgeous panorama of lace fashions and what's more, everybody is going to wear the most intriguing lace fashions the whole summer through, for no woman who senses the beautiful things of life will be able to resist the lure of the laces which are far and beyond anything shown for years, if ever.

The revue featured new sports costumes that show the sturdy and wearable lace fabrics for daytime wear. Beach costumes and bathing suits in lace proved a most fascinating feature as they presented a program of smart fashions.

An array of filmy evening gowns in exquisitely patterned laces, bouffant nets and tulle voluminous in type and kind and in a versatile scale of color and line, held all eyes enthralled.

And, then, wonder of wonders, the colorful accessory notes, which included evening wraps, shoes, gloves, hats and bags all conjured of the new laces of today were simply breath-taking in scope of ideas, in beauty and originality of design.

IN HIGH-STYLE

By CHERIE NICHOLAS

Maid and matron, daughter and mother, silver-haired, blond or brunette, "sweet sixteen" or past forty, it matters not for everybody's looking young and up-and-going in the sprightly prints, shiny straws and colorful bouquets which fashion is gifting her followers with this spring and for summer to come. See mother pictured above in her stunning rough straw sailor topped with its pert velvet bow, and her striking print frock, and wearing a corsage of those most elegant and luxurious of flowers—orchids. Daughter, posing below in the illustration, competes with mother in this matter of wearing orchids. Her new flowered taffeta frock is a "dear." It is trimmed in the Regency manner with bows of bright velvet ribbon. Do not fail to observe the swanky little sailor which climaxes this costume. It is of shiny stitched black oolich.

Schiaparelli's New Hats

Attract Crowds in Paris

The new Schiaparelli hats are in and they are as original as ever, drawing crowds to the windows in which they are shown. Very new and different is a hat of medium blue felt with a round shallow crown, without a brim on the right side but a turned-up one with a soft roll-on the left side. For dinner wear there is a hat in soft tulle with a tilted-forward line. Wax tuberoses are massed on the forehead. Brims are pinched somewhere, usually over one eye, and in the pinch, Schiaparelli often places a perky bow of grosgrain. Little wings, no bigger than a thumb, are perched on the edge of a curved-up brim. Although there are some off-the-face hats, this line is not stressed as it becomes only a few wearers.

STYLE NOTES

Lots of white flowers are worn. Cape costumes are favorites. All-around, knife-pleated skirts make their appearance. White frog fastenings animate dark costumes. Front fullness is made feature in evening gowns and coats. Hood-cape of net or other sheers is making a big appeal to the younger set.

Flower-Adorned Gowns of Real Silk

By CHERIE NICHOLAS

ety women shop owners in the metropolitan silk showing held recently in New York.

A deep lilac silk crepe (quality-kind pure silk) fashions the stately evening gown to the left, which bears out word from Paris that deep lilac and violet tones are outstanding this season. The wide bordering of silk violets which outlines the graceful cape speaks eloquently of the fascinating and ingenious play which designers are making with flowers.

FASHION is recapturing the elegances and enchantments which bespeak a truly feminine season. This message of a return to the exquisite, the aesthetic, the lovely and alluring in matter of dress is being told in countless beguiling trends.

A most happy evidence of increasing sentiment expressed for the sweetly feminine in dress, is the revival of that charming custom of wearing flowers, carrying flowers and trimming prettiest gowns with flowers. No need to tell you the fascinating things designers are doing with flowers, the illustration herewith speaks for itself.

Another evidence of the dawn of a new era of exquisitely feminine fashions is the re-enthronement of silk, real genuine "all-silk" mind you.

This call for real silk from those of discriminating taste is not a mere passing fancy but rather a sense of fabric identification which is developing among the fair sex. We are coming to know that such terms as crepe, satin, taffeta and the like, are not necessarily silk, and when they are, should be called silk crepe, silk satin, silk taffeta, and so on.

The duo theme of flowers and real silk sounds enticing—and is it? For answer, please refer to the trio of adorable evening creations in the accompanying picture. It adds a glamorous note to these distinguished and exquisite modes that they were selected for illustration from among a collection of costumes entered exclusively by soci-

ety women shop owners in the metropolitan silk showing held recently in New York.

Grain Foods Give Concentrated Nutrient

The grain foods give bulk and roughage, they are packed with concentrated nutrient, they are rich not only in starch and cellulose, together with protein and fat, but they also provide the vital minerals—phosphates, lime, potash, etc.

The dry cereals particularly, due to their scientific preparation, have really undergone important changes as regards their starchy content, thus making them easy of digestion.

Cornmeal Mush and Cheese.

(Polenta)

1 pint hot water
1 pint milk
1 teaspoon salt
1 cup cornmeal
1 egg
1 cup grated cheese

Bring milk and water to boil, add salt, stir in moistened cornmeal. Cook over boiling water for two hours. Stir in tablespoon butter while hot. (Do not heap spoon with butter, level measurement.) Stir in the grated cheese and finally the beaten egg. Turn hot into baking pan, sprinkle with cheese and a little melted butter and brown in slow oven. Or let cool, cut in slices, flour and brown in butter.

Rice-Apricot Mold.

1 pound dried apricots
1 cup rice
2 cups granulated sugar
1 tablespoon lemon juice
1/2 envelope gelatine
2 cups milk

Small pinch salt
Cook rice, after washing well, in double boiler with the milk and salt until rice is soft and milk absorbed. Apricots after being washed through several waters should be soaked over night; next morning drained and simmered in just water enough to cover until soft. Add 1 1/2 cups sugar and simmer to rich preserve. Drain and chop fruit. To boiled rice, add the remaining 1/2 cup sugar and cup of chopped apricots. Stir in fruit re-

It is well mixed with rice. Soak gelatine in cold water to cover for five minutes, then dissolve in 1/2 cup hot apricot juice. Stir half with rice and fruit and mix rest with plain apricots. Wet mold with cold water and fill three-quarters full with rice and apricot mixture, then turn in remainder of plain apricots, filling mold. Set in cold place for several hours. Unmold and serve with sugar and cream or the remaining apricot juice thickened with a teaspoon cornstarch and having lemon juice added. Dried peaches, prunes or figs may be used in similar fashion.

Large Hominy as Potato Substitute.

Large hominy, sometimes called samp and in former times "bulled corn," now is purchasable all ready to boil. This requires time but very little care. This hominy does require overnight soaking. A cup is sufficient for a breakfast for a family of three or four, with enough left over to be browned in butter for luncheon. Reheated and served with butter, sirup and a shake of nutmeg, it is a fine dessert for children. Large hominy may be served instead of potatoes with roast goose, duck or turkey, or with roast pork or baked ham.

Grape-Nuts Pudding.

3 pints milk
1 1/4 cups Grape-Nuts
3 eggs
1/2 cup raisins
1/2 cup sugar

1/3 teaspoon salt
Scald the milk, pour it over the Grape-Nuts, stir thoroughly and when cool, add the beaten egg yolks, raisins, sugar and salt. Fold in the stiffly beaten egg whites and bake in a slow oven about one hour. Serve with whipped cream.

To keep baked potatoes hot for a long time, bake as usual, then turn off the gas and wrap each potato separately in several thicknesses of newspaper. Return to warm oven, but do not relight the gas.

Helpful Hints

FOR LEAKY AND NOISY FAUCETS

Vibrating or rattling noises in water faucets are usually due to worn washers inside the spigot. Worn washers also cause faucets to drip and leak.

The trouble can be eliminated by replacing the washer. Shut off the water to the faucet. The shut-off valve will usually be found near the water meter in the basement. Unscrew the cap nut with a monkey wrench, using a cloth or paper between the jaws of the wrench to avoid marring the nut. Take hold of the faucet handle and unscrew the stem from the body of the faucet. Remove the washer screw at the bottom of the stem. Replace the washer with a new hard fiber washer, 3/4 to 3/16 inch thick, which can be secured at any hardware or general store.

Some types of spigots close with the pressure of a rubber ball instead of a washer. In such cases the ball must be replaced after the spigot is disassembled.

REPAIRING ALUMINUM PANS

Small holes in aluminum cooking utensils can be repaired by holding a flat iron inside the pan where the hole is, and pounding the outside around the hole with the hammer. The aluminum will expand and close the hole, making the pan as good as new.

TO KEEP CASTERS ON FURNITURE

When casters on pieces of old furniture have that annoying habit of dropping out, turn the furniture upside down and pour melted paraffin into the hole. Then insert the caster and let the wax harden.

How to Restring Beads.

When restringing beads, try "splicing" the new string to the old one with wax or paraffine, doubling it for about one inch. In this way the beads can easily be slipped over, and those which have dropped off can be picked up by pointing the waxed end.

Little daughter's hair ribbons may be washed in the usual way, then wrapped around a smooth bottle and left until dry. This method does away with the necessity of ironing them.

Beautiful and well-kept hair, regularly shampooed, is lovely woman's greatest charm. Even the plainest features look soft and sweet in a frame of bright, attractive hair.

Breakfast Pops

1 cup sweet milk
2 eggs
1 1/2 cups flour
1/2 teaspoon salt
Tablespoon melted butter
Tablespoon sugar

Beat egg yolks with milk and butter. Sift sugar and salt with flour. Mix liquid and dry ingredients and fold in the egg whites beaten stiff. Have greased gem pans heated. Fill a little over half full with the batter, bake 15 minutes in very hot oven.
